

1 - Point Six Trail / 4.5 miles - A steady climb from top of the Grizzly Lift (7000') to Point Six (7926'). This is the upper part of the Annual Hot Laps Hill Climb. The best time from where you join the Point Six road to the top is 37 minutes and 36 seconds. Go for it! The best time for the entire course is 59 minutes and 56 seconds set by Chris Carpenter in 1995. The climb is worth it; you can see everywhere from the top!
