

Pass Trade Out Application for 21-22 Passes

The summer program allows a limited number of people (16 yrs. & older) the opportunity to work off a full Snowbowl season pass. In exchange for 60 hours of work, you or your designee will receive a full season pass. Partial trades or weekday passes are not part of this program.

If your services are required you will be contacted by our staff and the project and schedule will be determined at that time. Unfortunately we do not have enough projects to accommodate all the applicants. The jobs we do have are varied and range from trail and base maintenance to construction type projects. Selection for the crews will be based on experience, training and, availability at project time. As former workers can attest, this is 60 hours of real work.

Projects begin and run throughout the summer and fall. Please include a rough idea of your availability - weekends, summer daily, weekends fall, gone July 3rd - August 4th, etc. This will help us call you for a project you have time for. If you need to be scheduled with a friend for transportation issues, please note that as well. Thank you for your time.

Name: _____ Phone: _____ Age: _____

Address: _____

Today's Date: _____

Have you worked off a season pass before? ▲ Yes ▲ No

If YES, what year or years have you worked, and what projects have you helped with:

Experience: Please indicate your level of experience

	None	Some	Professional
Carpentry			
Logging			
Construction			
Power Tools			
Mechanic			
Painting			

Other: _____
